

## BMT for Face Health

BMT for face health is also known as Constitutional Facial Rejuvenation. The face is an extension of both the emotions and the acupuncture meridians of the body. When the internal system and meridian channels are in harmony, this reflects in a vibrant facial complexion.

### Who this course is for?

This course is open to qualified health care professionals wishing to broaden their scope of practice or expand their existing skills and understanding of this highly effective modality, Bioelectric Meridian Therapy (BMT).

### Course accreditation CPD/CPE

- Massage & Myotherapy Australia
- ATMS
- IICT

If you are unsure if Bioelectric Meridian Therapy fits within your scope of practice, please consult your professional association.

### Qualification description

This course will equip you with a thorough understanding of the principles and concepts relating to Bioelectric Therapy in the health care setting.

You will learn an integrative approach in the assessment and treatment of general skin disorder using basic TCM theory and believes.

You will also learn the assessment and treatment of facial asymmetry and appropriate treatment techniques.

You will gain an understanding of the importance of the internal system (Zang Fu organs) and meridian channels plays in the overall health and how it reflects on the facial complexion.

You will learn practical integration of these techniques and knowledge into treatment sessions.

Participants will come away from this course being confident in the use of the ABMMA PRO BMT Device.
